Helping You Grow.

AT EATON BROTHERS, WE TAKE PRIDE IN THE PRODUCTS WE OFFER BECAUSE WE KNOW THE PRIDE OUR CUSTOMERS TAKE IN THEIR LAWN AND GARDENS. WE GET TO KNOW YOUR UNIQUE NEEDS AND FIND A SOLUTION THAT WILL HELP YOU GROW.

Eaton Brothers is a leading supplier of lawn and garden products with four decades of experience in the industry.

Founded out of a garage in Hamburg in 1934, Eaton Brothers has consistently evolved to keep up with the ever-changing market and demand, including offering cemetery products and a warehousing division.

Owners Alex Keogan and Rob Desjardins work closely with customers – big and small – to provide what they need, when they need it, all at competitive prices. It's about paying attention to those unique needs while striving year over year to provide new products, streamlined ordering and first-in-class customer service.

TANGLEFOOT[®]

TANGLEFOOT[®]

SINCE 1885

NEW PRODUCTS!

PROTECTION FROM PESTS & DAMAGE

WITHOUT HARMFUL PESTICIDES

Our insect control solutions are designed to catch and stop pests before they can cause damage around your home, garden, or outdoor spaces. Tanglefoot products provide effective, pesticide-free protection to keep insects and flies under control. For areas already impacted, our protective coatings and barriers help guard and support recovery. Keep destructive bugs at bay with Tanglefoot!

WHY TANGLEFOOT

- Pesticide-free & low odor
- Mechanical trapping (no resistance issues)
- Multi-environment use (indoor/outdoor)
- Trusted heritage brand
- Easy-to-use formats

HOW IT WORKS

Tanglefoot products use proven mechanical trapping and protective barriers to control pests, no sprays or toxins required. Our simple, effective solutions make it easy to manage insects in a wide variety of settings and environments.

STEP 1

ATTRACT OR INTERCEPT PESTS

STEP 2

TRAP USING ADHESIVE TECHNOLOGY

STEP 3

PREVENT DAMAGE OR INFESTATION

STEP 4

EASY TO REPLACE OR REAPPLY AS NEEDED

Tanglefoot flying insect solutions attract and trap common nuisance flies without the use of sprays or chemicals. Designed for use in a variety of indoor and outdoor environments, these products provide continuous, mess-free control where flies are most active.

- FLY RIBBON (5 & 10 pack)
- FLY STICK
- FLY ROLL
- WINDOW TRAP
- FLY TRAP BAG

PAGES 6-7 »

Protect trees and plants from crawling insects before they can cause lasting damage. Tanglefoot barriers and coatings create a physical defense that helps preserve bark integrity and supports overall plant health throughout the growing season.

- TREE TANGLEFOOT INSECT BARRIER
- TANGLE GUARD BANDING
- TREE CARE KIT
- TANGLE TRAP STICKY COATING

PAGE 8 »

Safeguard trees and plants after pruning or damage with protective sealing solutions. These products shield exposed areas from pests and environmental stressors while supporting the natural healing process.

- TREE PRUNING SEALER (9oz Aerosol, 8oz Brushtop, 16oz tub)

PAGE 9 »

TANGLEFOOT[®]

SINCE 1885

FLYING INSECT CONTROL

TANGLEFOOT FLY RIBBON (5 & 10 PACKS)

Classic hanging fly ribbons designed to trap flies with a proven sticky surface. These value-size multi-packs give customers an easy, affordable solution for controlling flies in homes, garages, barns, workshops, and other everyday problem areas. Built on Tanglefoot's long-standing history in fly control, these ribbons offer dependable performance in a simple, ready-to-use format.

TANGLE-TRAP FLY ROLL

A customizable sticky fly trap roll designed for larger-scale or targeted fly control applications. The roll can easily be cut to fit different spaces, making it ideal for greenhouses, barns, stables, garages, and commercial environments. A practical, cost-effective solution for customers needing flexible coverage in heavy fly pressure areas.

TANGLEFOOT WINDOW FLY TRAP

Clear sticky window traps designed to catch flies where they naturally gather most — around sunlight and windows. These discreet, chemical-free traps blend into the window while helping reduce flies in kitchens, mudrooms, offices, and other indoor spaces. A clean, easy-to-use solution for customers looking to avoid sprays or strong odors.

TANGLE-TRAP FLY STICK

Ready-to-hang sticky fly sticks that help capture flies in garages, barns, sheds, workshops, and other high-traffic areas. The simple hanging design allows for quick placement wherever flies are active, delivering dependable fly control without mess, odors, or insecticides. Ideal for both residential and light commercial use.

DISPOSABLE FLY TRAP BAG

Outdoor fly trap bags that use attractant bait and water to lure and trap large numbers of flies. Designed for placement away from living areas, these traps help draw flies away from patios, garbage cans, barns, kennels, and other outdoor problem spots. An easy, effective option for managing heavy outdoor fly activity without sprays.

TREE & GARDEN PROTECTION

TREE TANGLEFOOT STICKY PEST BARRIER

A reliable, non-toxic solution designed to protect your trees from a variety of crawling insects. Its super-sticky, non-drying formula creates an effective barrier against pests such as ants, cankerworms, gypsy moths, and vine weevils. Apply Tree Tanglefoot over Tanglefoot Tangle-Guard Banding Material.

TANGLE GUARD BANDING MATERIAL

A 3-inch by 50-foot roll of coated crepe paper, designed to keep young trees from sun-scald and act as a convenient banding material for applying Tree Tanglefoot. Tangle-guard is weather resistant, and can be on the tree for up to 6 months, usually from November to April for sunscald protection.

TREE CARE KIT

Provides a non-toxic barrier against invasive pests such as spongy moths, obscure root and pecan weevils, tent caterpillars and cankerworms.

Kit includes 15oz tub of Tree Tanglefoot Sticky Pest, Barrier, 50' Roll of Tangle-Guard Banding Material, and a Tanglefoot applicator.

TANGLE-TRAP STICKY COATING

A ready-to-use sticky coating that helps control unwanted insects without the use of harmful chemicals. Simply apply with the included brushtop cap to non-porous boards, coated paper, or other surfaces to trap crawling insects like nats, ants, biting flies, cankerworms, and more.

DAMAGE PROTECTION AND RECOVERY

TANGLEFOOT PRUNING SEALER

Helps protect tree injuries caused by pruning, trimming, grafting or accidental damage. It forms a protective seal over cuts and wounds to help prevent disease, insect entry, and decay. The dressing goes on easily and stays in place to shield exposed areas while the tree heals naturally.

BURLAP PAC

Our first quality (selvaged on both sides) medium-weave 7 oz. burlap is for protecting valuable evergreen shrubs and bushes in the winter. It may also be used in decorating, crafts and other miscellaneous gardening.

BURLAP TALL PAC

Similar to the Burlap Pac, our first quality (selvaged on both sides) medium-weave 7 oz. Tall Pac can protect evergreen shrubs and bushes, but ones that are even taller and wider.

SEED GARD BURLAP

First quality (selvaged on both sides), loose-weave, 5 oz. burlap for lawn reseeding and light erosion control. Seed Gard facilitates seed germination by retaining moisture and holding soil in place.

WEED GARD

Black fabric blocks sunlight to prevent photosynthesis and suppress weed growth. Non-toxic and odor free, environmentally safe alternative to herbicide use. Allows air and water to penetrate for worry-free irrigation.

BULK BURLAP

First quality burlap with selvaged edges, rolled on 1.5" tubes and labeled clearly for size and construction. Available in three different weights – 5 oz., 7 oz., and 10 oz. The treated burlap is a no-rot burlap.

COLORLED BURLAP

Tightly woven 10 oz. burlap is perfect for holiday decorating, crafts and hobbies. This all-purpose, natural fabric is tough yet easy to work with, washable and will last indefinitely. Available in five bright colors in 3' x 150' bulk rolls for large jobs or dispensing by the yard.

CRAFT PAC

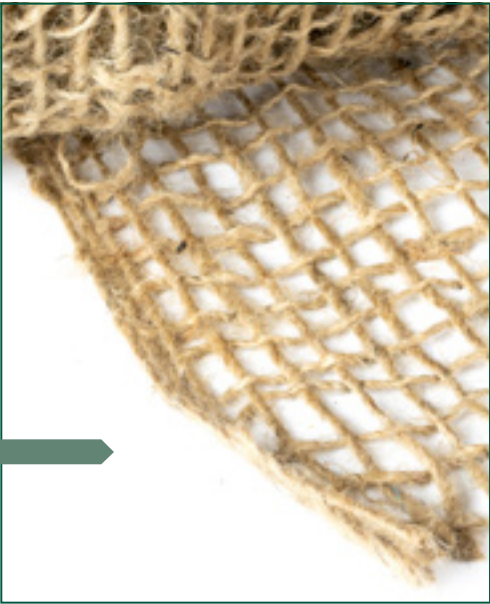

Craft Pac is our colorful 10 oz. burlap packed in convenient 3' x 9' retail packages.

CAMOUFLAGE BURLAP

This 7 oz., 48" wide, medium weave burlap is printed with the classic "woodlands" print. Colorfast and durable. Available in 20 ft. retail rolls and 35 yd. bulk rolls.

BIO-SPIRAL TREE GUARDS

Protects saplings from harsh weather conditions and herbicides, while also providing proper air flow circulation with pre-formed holes. Made from 100% recycled material, these tree guards will naturally degrade over time.

DEFENDER PRO TREE SHELTER

Protects young trees from harsh weather conditions and nuisance animals, while also promoting faster growth. Easy to install with “no ties” staking and securing system. Unique square design ensures the shelter splits as the tree grows.

GRAFTING WAX & COMPLETE GRAFTING KIT

Ideal for glueing or sealing wounds to prevent infection in newly grafted trees or shrubs. Warm before using, apply with a brush. It will remain flexible after application and won't wash away in the rain.

NURSERYMAN'S GRAFTING TAPE

Used to bandage tree wounds, seal grafts and keep grafts safe. Each roll is 3/4" wide by 60 yards long. Tape expands to accommodate growth of the grafted area, allowing for the correct moisture content, but should be removed after area is completely healed.

TREEKOTE TREE WOUND DRESSING

Protect your shrubs, bushes, vines and trees from decay, insects and fungi. Withstands all weather: hot, cold, wet and dry. Dressing also used to shield tree wounds, in tree surgery, propagating orchids and after grafting.

Proven to help prevent the spread of disease and increase wound closure. Convenient to use, easy cleanup and minimum waste. Made in the USA.

TREEKOTE TREE BANDING GUM

Provides an effective barrier against crawling insects such as gypsy moth, tent caterpillars, ants, obscure root and pecan weevils, tussock moth caterpillars, climbing cutworms and canker-worms, among others. Made in the USA.

Gum can also be used in your garden to help protect vegetables from crawling insect pests without using chemicals.
